

Register Today for the 34th National Pesticide Forum!

Cultivating Community and Environmental Health

Models for sustainable and organic strategies to protect ecosystems, pollinators, and waterways

Highlights Include:

- **Aaron Blair, Ph.D.** –esteemed researcher and Chair of the International Agency for Research on Cancer (IARC) Working Group to the World Health Organization who found that glyphosate (Roundup) is a carcinogen.
- **Jonathan Lundgren, Ph.D.** –top U.S. Dept. of Agriculture (USDA) entomologist and Callaway Civic Courage Award Winner for his work on neonicotinoids and pollinator decline in the face of agency attempts to suppress his work.
- **Jim Gerritsen** –organic farmer and president of the national farmer-run membership trade organization, Organic Seed Growers and Trade Association (OSGATA).
- **U.S. Representative Chellie Pingree** – Congresswoman (D-ME) and organic farmer.
- **Kristin Ohlson** –journalist and author, *The Soil Will Save Us*.
- Plus, a special Friday night performance of *A Sense of Wonder* –written, produced, and performed by **Kaiulani Lee**, this powerful play is the story of Rachel Carson's love for the natural world and her fight to defend it.
- **...and more!**

Convened by:

April 15-16, 2016

The Abromson Center
University of Southern Maine
Portland, ME
